

ROSCon 2017 Sponsorship Opportunities

September 21-22, 2017
Vancouver, Canada

We are excited to announce ROSCon 2017, the sixth annual ROS developers' conference, to be held September 21 - 22, in Vancouver, British Columbia, prior to the IEEE/RSJ IROS conference, which will be held at the same location, the Vancouver Convention Centre, September 24 - 28. We continue to build on the success of past ROSCons. The 2016 conference sold out at 450 registered attendees, an increase from the 365 attendees that participated in 2015. This year's two-day conference will comprise technical talks that introduce and explain how to use libraries and tools, describe best practices, and share techniques and we anticipate close to 500 attendees!

While the academic robotics conferences provide a forum for discussion of scientific advances, ROSCon provides a parallel forum for the engineering aspects of robotics that we all spend so much time on. As artificial intelligence, advanced robots, and robotic technology are moving from the lab to regular commercial and home use, these engineering issues are becoming more critical. With the wide and increasing adoption of ROS throughout the robotics community, we are in a great position to meet and discuss software engineering and development using a common language.

In keeping with the growth of the conference, we have broadened the sponsorship options and opportunities for exposure. You are invited to sponsor ROSCon 2017 as together we explore technological advancements in this exciting and fast paced industry. As a sponsor, you'll have distinctive opportunities to connect with the ROS community, from having your logo on the event website to exhibiting your work in person at ROSCon 2017. Our sponsors are recognized before, during, and after the conference as leading supporters of ROSCon and the development of the field.

The opportunities listed here are designed to fit a variety of budgets. We are happy to tailor benefits to suit your goals - please let us know if you have a unique sponsorship opportunity in mind. Regardless of your participation, we would be extremely happy for you to join us at ROSCon!

Detailed information on the conference is available at <http://roscon.ros.org>. Contact us with any questions at roscon-2017-oc@osrfoundation.org.

All sponsorship amounts are in US dollars.
